

## **INFO SESSION: GRADUATE PROGRAMS IN MATERIALS SCIENCE & ENGINEERING AND ENGINEERING PHYSICS AT THE UNIVERSITY OF VIRGINIA**

**Interested in applying to graduate school?** Join UCLA's student chapter of the Materials Research Society for an information session on graduate studies at the University of Virginia! *Come get some tips on applying to graduate school and hear about exciting graduate research opportunities in:*

- electrochemistry and corrosion science
- fatigue and fracture
- computational modeling of materials
- high temperature materials
- amorphous and nanostructured alloys
- surface science, thin films, and 2D materials
- nanoelectronics

**Tuesday, October 20<sup>th</sup>  
5:00 PM  
Engineering V Room 2101**
